**SOCORRO ISLAND, MEXICO: January 13-21, 2023 Nautilus Belle Amie February 5-13, 2023 Nautilus Explorer  
February 9-17, 2025 147' Nautilus Belle Amie**

The Revillagigedos Islands (Socorro, San Benedicto & Roca Partida) are located approximately 250 miles southwest of Cabo San Lucas, Mexico. The goal is to dive with the big pelagics: giant manta rays, humpback whales, a variety of sharks and whatever else is in the area. This will be our 12<sup>th</sup> charter to Socorro and we've had very good diving every trip.

**FIJI: VOLIVOLI BEACH RESORT: January 11-21, 2024**

We'll fly direct from LAX to Nadi on the main island of Viti Levu, then travel about 2 hours by bus to the more remote north end of the island. A beautiful, small, family owned all-inclusive resort with spectacular diving. We'll take day boats and dive the warm and calm Bligh Waters. Non-divers are also welcome. I've reserved the entire resort for our group. [www.VoliVoli.com](http://www.VoliVoli.com)

**SAN IGNACIO LAGOON, MEXICO: GREY WHALES February 26-29, 2024 February 27-March 1, 2024**

4 Days / 3 Nights / Up to 3 Whale Watches Daily We meet in Cabo San Lucas, then fly to the lagoon on two 12 passenger charter planes.. A non-diving trip to the mating / birthing area of the California Grey Whales. An absolutely incredible trip where the mother whales bring their calves to the skiffs to be petted. The area is very remote. Either very comfortable Glamping or Luxury
