### **OPTIONAL EXPENSES**

Nitrox  
Alcoholic Beverages  
Tours  
Day Spa  
Bull Shark Dive

### **FIJI**

We will fly direct from LAX on Fiji Airways and land at the Nadi International Airport on the main island of Viti Levu. (Airfare not included) We'll then board a bus for approximately 2 hours and head to Rakiraki at the northern most point of the island along the Bliq Waters.

### **VOLIVOLI RESORT**

Built and owned by the Darling Family from New Zealand, this will be my fifth charter to VoliVoli. The resort is small, beautiful and the diving is excellent: flat waters with healthy and prolific hard & soft corals. We'll dive each day (2 or 3 dives) on day boats. I have reserved the entire resort for our group.

Beyond the great diving, this is really a special place. A few years ago, a major typhoon decimated many parts of Fiji and essentially destroyed VoliVoli. While many of the local people lost their jobs, the Darling family kept all of their workers employed to help rebuild and upgrade everything. It was great before and now it's even better.
